ICONICS Introduces New Web Licensing Utility

Customers visiting ICONICS' Web Licensing Utility (<http://supportworx.iconics.com/license>) will have the option of selecting either "Software" or "Hardware" license key types for their applicable ICONICS automation software solutions. Part of ICONICS' SupportWorX program, the online utility also allows users to view their existing licenses, look through the licensing Info Center (for both software and hardware license key types), request key replacements, view frequently asked questions, and receive general help.

Follow ICONICS On Twitter

According to Twitter, the online service is a way to "communicate and stay connected through the exchange of quick, frequent answers to one simple question: 'What are you doing?'".

If you're already a member, be sure to "Follow" ICONICS for the latest company news as it happens, as well as other up-to-the-minute updates including specials, and events. Since starting on Twitter, ICONICS has used it to announce a recent Webcast series, locations for seminars, video postings on YouTube, job fairs and more.

If you're not yet using Twitter, now is the time to sign up and stay informed about ICONICS solutions.

Visit www.twitter.com/iconics today.
