## **ICONICS Releases OPC ToolWorX Version 3.50**

ICONICS has recently released OPC ToolWorX™ Version 3.50. OPC ToolWorX is ICONICS' rapid OPC development toolkit, which supplies everything needed to quickly design OPC server products, including the infrastructure and software architecture required for designing an OPC server.

OPC ToolWorX Version 3.50 offers the following new features:

- Support for Microsoft Visual Studio 2008/Visual Studio 2005 development platform
- Support for Windows CE 5.0 and 6.0 compiling in Microsoft Visual Studio 2005/2008
- OPC Compliance with the latest OPC Compliance Test Tool (CTT) modules
- Full Unicode build configurations and recently generated OPC projects
- Distribution of OPC Foundation binary and header files
- Several implementation-specific features for faster communications
