

**Your Source For The Latest News From ICONICS**

**May 20, 2009 - Issue #12**

### **Only One Week Left for ICONICS' ICO-Stimulus Packages**

Many customers have already taken advantage of the four great cost savings specials that allow them to improve productivity today and stay ahead of the competition tomorrow. These specials will be gone at the end of May. If your company is planning any upcoming automation projects, be sure to take advantage of the Next Generation HMI/SCADA, Hyper Historian, BizViz Productivity Analytics and/or OPC Server stimulus specials today.

### **GENESIS64, WebHMI, PortalWorX Support New Microsoft Internet Explorer 8**

Microsoft has announced the availability of its new Internet Explorer 8 Web browser that offers the best solution for how people use the Web today. IE8 is easier to use, faster and offers leading-edge security features in direct response to people's increasing concerns about online safety. ICONICS has recently tested its Web-based industrial automation software solutions with IE8.
